

The Solution is IBM

# IBM Personal System/2 Pocket Guide

All about the PS/2 Family...

Use this handy pocket guide as a quick and convenient source of information about IBM Personal System/2.<sup>®</sup> It provides concise descriptions of the features and benefits of every model in the family, as well as charts that let you check specifications at a glance.

IBM

September 1989

*Whatever your  
needs, there's an  
IBM Personal System/2  
to meet them*

**PS/2 Model 25**  
(Model 25 with fixed  
disk option shown  
above)

**PS/2 Model 30 286**  
(Also available as  
Model 30 with 8086  
processor)

**PS/2 Model 50 Z**

**PS/2  
Model 60**

**PS/2 Model 55 SX**

**PS/2 Model P70 386**

**PS/2  
Model 80 386**

**PS/2 Model 70 386**

# Model 25

Standard 8525-001, -004, -G01 and -G04  
LAN Station 8525-L01 and -L04

## At a glance

Model type	Standard	LAN Station
<b>8086 micro-processor</b>	8 MHz, 0 wait states, 16-bit memory data bus	8 MHz, 0 wait states, 16-bit memory data bus
<b>Optional 8087 Math Co-Processor</b>	8 MHz	8 MHz
<b>Memory (RAM)</b>		
Standard	512Kb (150ns)	640Kb (150ns)
Maximum	640Kb	640Kb
<b>Integrated functions</b>	64Kb permanent memory (ROM), MultiColor Graphics Array (MCGA), serial port, parallel port, pointing device port, keyboard port, earphone connector	
<b>System expansion</b>	Standard: One full-size <sup>1</sup> and one 8-inch expansion slot available LAN Station: 8-inch expansion slot	
<b>Operating system</b>	DOS 3.3 or 4.0	DOS 3.3 or 4.0
<b>Storage</b>		
720Kb 3.5-inch diskette drives		
Standard	1	1
Maximum	2	2
Optional	Second 720Kb diskette drive, 20Mb fixed disk, IBM 5.25" External Diskette Drive Model 4869-001, IBM 3363 Optical Disk Drive	
<b>Text/graphics support</b>	MCGA supports existing color graphics modes and provides up to 256 colors (from a palette of over 256,000) and 64 shades of gray (monochrome)	
<b>Display modes</b>	All CGA modes plus: 320 x 200 pels x 256 colors—all points addressable 640 x 480 x 2 colors—all points addressable 16 colors—8 x 16 character box (text)	
<b>Keyboards</b>	IBM Space Saving Keyboard: 84 keys, including 12 function keys; 5-foot coiled cable (-001, -004) IBM PS/2 <sup>®</sup> Enhanced Keyboard: 101 keys, including 3 lighted mode indicators; 6-foot coiled cable (-G01, -G04, -L01, -L04)	
<b>Displays</b>	12-inch (diagonal measurement) monochrome (-001, -G01, -L01) or color (-004, -G04, -L04) display	
<b>Supported printers</b>	IBM Proprinter™ family, IBM Quietwriter® Printers, IBM Page Printer II, IBM Quickwriter® Printer, IBM Wheelprinter family	
<b>Communications support</b>	IBM Token-Ring Network, IBM PC Network, IBM PC Network Baseband, 3278/79 Emulation, 5250 Emulation	
<b>Power supply</b>	90-watt (-001, -G01, -L01) or 115-watt (-004, -G04, -L04), <sup>2</sup> 50-60 Hz; switchable between low range (90-137 VAC) and high range (180-259 VAC)	
<b>Size</b>	Approx. 15"H x 12.6"W x 14.8"D (382mm x 320mm x 375mm); 31 lbs. (14 kg) monochrome units, 36 lbs. (16 kg) color units <sup>3</sup>	

Feature	Function	Benefit
<b>Intel 8086 microprocessor</b>	Processes data at a clock speed of 8 MHz; 16-bit memory data bus	High-speed, high-performance computing
<b>Zero wait states</b>	Give processor instant access to information from memory	Faster, more efficient personal computing
<b>512Kb or 640Kb of memory (RAM)</b>	Provides electronic workspace to hold programs and files	Rapid data processing; management of complicated tasks such as spreadsheets
<b>Integrated functions and streamlined design</b>	Pack more capabilities into fewer components; reduce footprint; combine system and display into a single unit; use fewer internal cables and connections; include 64Kb of permanent memory containing BASIC language interpreter and Power-on Self-test	Better price/performance; suitability for small or crowded spaces; simplified setup, operation and expansion; enhanced reliability; built-in programming aids; quick problem identification
<b>720Kb 3.5-inch diskette drive</b>	Stores up to 360 pages <sup>4</sup> of information on a high-density diskette	Ability to create portable and backup files
<b>3.5-inch diskettes</b>	Protect media in hard plastic enclosure	Smaller, more portable; reliable storage
<b>Built-in MCGA capabilities</b>	Include up to 256 colors (from a palette of over 256,000) plus monochrome palette of 64 shades of gray	High-detail color or monochrome graphics and text; improved onscreen readability
<b>IBM PS/2 Enhanced Keyboard</b>	Has 101 keys, including 12 function keys and 3 lighted mode indicators	Simplified command entry; less chance of accidental printing or erasing
<b>Network and host emulation capabilities</b>	With the appropriate hardware and software, offer network services and connection to larger systems	Shared hardware and software; electronic mail capability; workgroup productivity benefits; access to mainframe functions, files and applications
<b>5.25-inch external diskette drive option</b>	Provides capability to interchange data and software with systems that use 5.25-inch diskettes	Compatibility with IBM PC 360Kb diskettes
<b>Fixed disk drive option</b>	Provides an additional 20Mb of storage	Easy expansion of fixed disk storage capability
<b>200Mb optical disk drive option</b>	Writes once, reads many times; holds up to 100,000 pages <sup>4</sup> of information on one cartridge	Fixed disk backup; large permanent storage; removable media for archiving
<b>IBM support and service</b>	Assure parts and service nationwide; offer 12-month limited warranty	Customer purchase backed by IBM support and service
<b>Simplified power system</b>	Uses only one power cable and plug; provides a convenient outlet for printer	Quick and simple setup; no need for multiple outlets; convenient movement from one location to another; neater appearance due to fewer cables
<b>IBM Space Saving Keyboard</b>	Requires less space on desktop; has 84 keys, including 12 function keys	More room on desktop for files, papers or books; simplified command entry
<b>Two expansion slots</b>	Accept one full-size (except LAN Station Models 25-L01 and -L04) and one 8-inch expansion card	System growth potential to keep pace with changing needs
<b>Bolt-down feature</b>	Secures entire unit in place on table or desk	Less possibility of unauthorized removal

# Model 30

<b>Memory (RAM)</b>		
On system board	640Kb	640Kb
System maximum	2Mb	2Mb
<b>Integrated functions</b>	64Kb permanent memory (ROM), MultiColor Graphics Array (MCGA), display port, serial port, parallel port, pointing device port, keyboard port, diskette controller, clock/calendar	
<b>System expansion</b>	Three available 8-bit expansion slots	
<b>Operating system</b>	DOS 3.3 or 4.0	
<b>Storage</b>		
Standard	One 720Kb 3.5-inch diskette drive	One 720Kb 3.5-inch diskette drive and a 20Mb (80ms) fixed disk
Optional	Second IBM 720Kb 3.5-inch Diskette Drive (-001), IBM 20Mb or 30Mb Fixed Disk Drive (-001), IBM 5.25" External Diskette Drive (360Kb), IBM 3363 Optical Disk Drive, IBM 6157 Streaming Tape Drive	
<b>Text/graphics support</b>	MCGA supports CGA mode and provides up to 256 colors (from a palette of over 256,000) and 64 shades of gray (monochrome)	
<b>Display modes</b>	All CGA modes plus: 320 x 200 pels x 256 colors—all points addressable 640 x 480 x 2 colors—all points addressable 8 x 16 character box—16 colors (text)	
<b>Keyboard</b>	101 keys, including 12 function keys, 3 lighted mode indicators; 6-foot coiled cable	
<b>Supported displays</b>	IBM Personal System/2 Color Displays 8512, 8513 and 8514; IBM Personal System/2 Monochrome Displays 8503, 8506, 8507 and 8508	
<b>Supported printers</b>	IBM Proprinter family, IBM Quietwriter Printers, IBM Page Printer II, IBM Quickwriter Printer, IBM Wheelprinter family	
<b>Communications support</b>	IBM Token-Ring Network PC Adapter, IBM PC Network Adapter II, IBM PC Network Baseband Adapter, IBM 3270 Emulation Adapter, IBM 5250 Emulation Adapter	
<b>Power supply</b>	70-watt worldwide with switch voltage selection	
<b>Size</b>	Approx. 4"H x 16"W x 15.6"D (102mm x 406mm x 397mm); 17.5 lbs. (7.9 kg)	

Feature	Function	Benefit
<b>Intel 8086 microprocessor</b>	Processes data at a clock speed of 8 MHz	Enhanced performance contributing to greater system throughput
<b>Zero wait states</b>	Give processor instant access to information from memory	Faster, more efficient personal computing
<b>640Kb of memory (RAM) on the system board</b>	Provides electronic workspace for programs and files	Fast data processing; management of complicated tasks like spreadsheet processing
<b>Integrated functions and streamlined design</b>	Pack more capabilities into fewer components; reduce overall size; require fewer internal cables; include 64Kb of permanent memory containing BASIC language interpreter and Power-on Self-test	Easy setup, operation and expansion; efficient use of workspace; enhanced reliability; built-in programming aids; quick problem identification
<b>Internal fixed disk drives</b>	Provide 20Mb or 30Mb of storage for up to 10,000 or 15,000 pages <sup>4</sup> of information; 80ms or 39ms average access (based on model); user-selectable software disk cache memory; 1:1 disk interleave factor	Faster, more convenient access to programs and data than with diskettes; support for advanced applications and data bases; enhanced throughput via reduced storage and retrieval time on fixed disk
<b>720Kb 3.5-inch diskette drive</b>	Provides storage for up to 360 pages <sup>4</sup> of information	Ability to create portable and backup files
<b>3.5-inch diskettes</b>	Protect media in hard plastic enclosure	Smaller, more portable; reliable storage
<b>Built-in MCGA capabilities</b>	Include up to 256 colors (from a palette of over 256,000) plus 64 shades of gray (monochrome); support MCGA modes as well as CGA	High-quality, high-detail graphics and text; improved onscreen readability; protection of investment in CGA-based software
<b>IBM PS/2 Enhanced Keyboard</b>	Has 101 keys, including 12 function keys and 3 lighted mode indicators	Simplified command entry; less chance of accidental printing or erasing
<b>Network and host emulation capabilities</b>	With the appropriate hardware and software, offer connection to network services and larger systems	Shared hardware and software; electronic mail capability; workgroup productivity benefits; access to mainframe functions, files and applications
<b>5.25-inch external diskette drive option</b>	Provides capability to interchange data and software with systems that use 5.25-inch diskettes	Compatibility with IBM PC 360Kb diskettes
<b>200Mb optical disk drive option</b>	Writes once, reads many times; holds up to 100,000 pages <sup>4</sup> of information on one cartridge	Large permanent storage; fixed disk backup; software archiving
<b>Tape drive options</b>	Save/restore fixed disk data	Fixed disk backup and file restoration; removable media for archiving
<b>IBM support and service</b>	Assure parts and service nationwide; offer 12-month limited warranty	Customer purchase backed by IBM support and service

# Model 30 286

8530-E01, -E21 and -E31

## At a glance

<b>Machine numbers</b>	<b>8530-E01, -E21 and -E31</b>
<b>80286 micro-processor</b>	10 MHz, 1 wait state
<b>Optional 80287 Math Co-Processor</b>	10 MHz
<b>Memory (RAM)</b>	
On system board	1Mb, expandable to 2Mb or 4Mb
System maximum	16Mb
<b>Integrated functions</b>	128Kb permanent memory (ROM), Video Graphics Array (VGA) display port, serial port, parallel port, pointing device port, keyboard port and diskette controller, clock/calendar
<b>System expansion</b>	Three available 16-bit expansion slots
<b>Operating systems</b>	DOS 3.3 or 4.0, IBM Operating System/2™ (entry-level environment only)
<b>Storage</b>	
Standard	One 1.44Mb 3.5-inch diskette drive; 20Mb (27ms) fixed disk (-E21) or 30Mb (27ms) fixed disk (-E31)
Optional	A second 1.44Mb diskette drive, 20Mb or 30Mb fixed disk drive (-E01 only); IBM 5.25" External Diskette Drive (4869-001), IBM 3363 Optical Disk Drive, IBM 6157 Streaming Tape Drive
<b>Text/graphics support</b>	VGA supports CGA, EGA and MCGA modes and provides up to 256 colors (from a palette of over 256,000) and 64 shades of gray (monochrome)
<b>Display modes</b>	All CGA and EGA modes plus: 320 x 200 pels x 256 colors—all points addressable 640 x 480 x 16 colors—all points addressable 9 x 16 character box—16 colors (text)
<b>Keyboard</b>	101 keys, including 12 function keys, 3 lighted mode indicators; 6-foot coiled cable
<b>Supported displays</b>	IBM Personal System/2 Color Displays 8512, 8513 and 8514; IBM Personal System/2 Monochrome Displays 8503, 8506, 8507 and 8508
<b>Supported printers</b>	IBM Proprinter family, IBM Quietwriter Printers, IBM Page Printer II, IBM Quickwriter Printer, IBM Wheelprinter family
<b>Communications support</b>	IBM Token-Ring Network 16/4 Adapter, IBM PC Network Adapter II, IBM PC Network Baseband Adapter, IBM 3270 Emulation Adapter, IBM 5250 Emulation Adapter
<b>Power supply</b>	90-watt worldwide with switch voltage selection
<b>Size</b>	Approx. 4"H x 16"W x 15.6"D (102mm x 406mm x 397mm); 19 lbs. (8.6 kg)

Feature	Function	Benefit
<b>Intel 80286 micro-processor</b>	Processes data at a clock speed of 10 MHz	Enhanced performance contributing to greater system throughput
<b>1Mb standard memory (RAM) on the system board; expandable to 2Mb or 4Mb</b>	Provides electronic workspace for programs and files plus room to grow; expandable to a system maximum of 16Mb	Fast data processing; support for advanced applications; capability to keep pace with changing needs
<b>Integrated functions and streamlined design</b>	Pack more capabilities into fewer components; reduce overall size; require fewer internal cables; include 128Kb of permanent memory containing BASIC language interpreter and Power-on Self-test	Easy setup, operation and expansion; efficient use of workspace; enhanced reliability; built-in programming aids; quick problem identification
<b>Internal fixed disk drive</b>	Provides 20Mb or 30Mb of storage for up to 10,000 or 15,000 pages <sup>4</sup> of information; 27ms average access; user-selectable software disk cache memory; 1:1 disk interleave factor	Faster, more convenient access to programs and data than with diskettes; support for advanced applications and data bases; enhanced throughput via reduced storage and retrieval time on fixed disk
<b>1.44Mb 3.5-inch diskette drive</b>	Stores up to 720 pages <sup>4</sup> of information on a double-sided diskette; reads/writes to and from both 1.44Mb and 720Kb diskettes	Efficient, reliable data storage; flexibility
<b>3.5-inch diskettes</b>	Protect media in hard plastic enclosure	Smaller, more portable; reliable storage
<b>Integrated VGA capabilities</b>	Include up to 256 colors (from a palette of over 256,000) plus 64 shades of gray (monochrome); support VGA modes as well as EGA, CGA and MCGA	High-quality, high-detail graphics and text; improved onscreen readability; protection of investment in EGA- and CGA-based software
<b>IBM PS/2 Enhanced Keyboard</b>	Has 101 keys, including 12 function keys and 3 lighted mode indicators	Simplified command entry; less chance of accidental printing or erasing
<b>Network and host emulation capabilities</b>	With the appropriate hardware and software, offer network services and connection to larger systems	Shared hardware and software; electronic mail capability; workgroup productivity benefits; access to main-frame functions, files and applications
<b>5.25-inch external diskette drive option</b>	Provides capability to interchange data and software with systems that use 5.25-inch diskettes	Compatibility with IBM PC 360Kb diskettes
<b>Fixed disk drive options</b>	Provide an additional 20Mb or 30Mb of storage	Easy expansion of fixed disk storage capability
<b>200Mb optical disk drive option</b>	Writes once, reads many times; holds up to 100,000 pages <sup>4</sup> of information on one cartridge	Large permanent storage; fixed disk backup; software archiving
<b>Tape drive option</b>	Saves/restores fixed disk data	Fixed disk backup and file restoration; removable media for archiving
<b>IBM support and service</b>	Assure parts and service nationwide, offer 12-month limited warranty	Customer purchase backed by IBM support and service

<b>Optional 80287 Math Co-Processor</b>	10 MHz	10 MHz
<b>Memory (RAM)</b>		
Standard	1Mb (85ns)	1Mb (85ns)
System maximum	16Mb	16Mb
<b>Integrated functions</b>	128Kb permanent memory (ROM), Video Graphics Array (VGA) display port, serial port, parallel port, pointing device port, keyboard port, diskette controller, clock/calendar	
<b>System expansion</b>	Seven available expansion slots	
<b>Operating systems</b>	DOS 3.3 or 4.0, IBM Operating System/2	
<b>Storage</b>		
1.44Mb 3.5-inch diskette drives		
Standard	1	1
Maximum	2	2
Fixed disk		
Standard	44Mb (40ms)	70Mb (30ms)
Optional	44Mb	70, 115Mb
Also optional	Either a second 1.44Mb diskette or IBM 5.25" External Diskette Drive, 5.25" Internal Diskette Drive, IBM Internal Tape Backup Unit, IBM 3363 Optical Disk Drive, IBM 6157 Streaming Tape Drive	
<b>Text/graphics support</b>	VGA supports CGA, EGA and MCGA modes and provides up to 256 colors (from a palette of over 256,000) and 64 shades of gray (monochrome)	
<b>Display modes</b>	All CGA and EGA modes plus: 320 x 200 pels x 256 colors—all points addressable 640 x 480 pels x 16 colors—all points addressable 9 x 16 character box—16 colors (text)	
<b>Keyboard</b>	101 keys, including 12 function keys, 3 lighted mode indicators; 6-foot coiled cable	
<b>Supported displays</b>	IBM Personal System/2 Color Displays 8512, 8513 and 8514; IBM Personal System/2 Monochrome Displays 8503, 8506, 8507 and 8508	
<b>Supported printers</b>	IBM Proprinter family, IBM Quietwriter Printers, IBM Page Printer II, IBM Quickwriter Printer, IBM Wheelprinter family	
<b>Communications support</b>	IBM Token-Ring Network Adapter/A and 16/4 Adapter/A, IBM PC Network Adapter II/A, IBM PC Network Baseband Adapter/A, IBM 3270 Connection, IBM System 36/38 Workstation Emulation Adapter/A, IBM Dual Async Adapter/A, IBM Multi-Protocol Adapter/A, IBM 300/1200 Internal Modem/A, IBM Realtime Interface Co-Processor Multiport/2	
<b>Power supply</b>	207-watt (-041) or 225-watt (-071) worldwide autosensing and autoswitching	
<b>Size</b>	Approx. 23.5"H x 6.5"W x 19"D (597mm x 166mm x 482mm); 47 lbs. (21.3 kg)	

Feature	Function	Benefit
<b>Intel 80286 microprocessor</b>	Processes 286 instruction set at 10 MHz; uses a 16-bit data path	Enhanced performance contributing to greater system throughput
<b>128Kb of permanent memory</b>	Includes security features and Advanced BIOS functions	Data and program security; support for concurrent operations
<b>1Mb of memory (RAM), expandable to 16Mb with expansion options</b>	Provides electronic workspace for programs and files and/or for multiple applications	Rapid data processing; support for advanced applications, including multitasking/multiuser applications and network services
<b>Micro Channel architecture</b>	Executes multiple input/output operations at the same time	Improved productivity; foundation for future growth
<b>Integrated functions and streamlined design</b>	Pack more capabilities into fewer components using Surface Mount Technology (SMT) and Very Large-Scale Integration (VLSI)	Easy setup, operation and expansion; better price/performance; enhanced reliability
<b>Internal fixed disk drives</b>	Provide 44Mb or 70Mb of storage for up to 22,000 or 35,000 pages <sup>4</sup> of information, respectively; 40ms or 30ms average access (based on model); user selectable software disk cache memory; 1:1 disk interleave factor	Faster, more convenient access to programs and data than with diskettes; support for advanced applications, large data bases, and network services; enhanced throughput via reduced storage and retrieval time on fixed disk
<b>1.44Mb 3.5-inch diskette drive</b>	Stores up to 720 pages <sup>4</sup> of information on a double-sided diskette; second diskette drive optional	High-density storage; low-profile drive
<b>3.5-inch diskettes</b>	Protect media in hard plastic enclosure	Smaller, more portable; reliable storage
<b>Built-in VGA capabilities</b>	Include up to 256 colors (from a palette of over 256,000) plus 64 shades of gray (monochrome)	High-quality, high-detail graphics and text; improved onscreen readability
<b>IBM PS/2 Enhanced Keyboard</b>	Has 101 keys, including 12 function keys and 3 lighted mode indicators	Simplified command entry; less chance of accidental printing or erasing
<b>Network and host emulation capabilities</b>	With the appropriate hardware and software, offer network services and connection to larger systems	Shared hardware and software; electronic mail capability; workgroup productivity benefits; access to main-frame functions, files and applications
<b>5.25-inch internal/external diskette drive options</b>	Provide capability to interchange data and software with systems that use 5.25-inch diskettes	Compatibility with IBM PC 360Kb and 1.2Mb diskettes
<b>Fixed disk drive options</b>	Provide an additional 44Mb, 70Mb or 115Mb of storage (based on model)	Easy expansion of fixed disk storage capability
<b>200Mb optical disk drive option</b>	Writes once, reads many times; holds up to 100,000 pages <sup>4</sup> of information on one cartridge	Large permanent storage; fixed backup; software archiving
<b>Tape drive options</b>	Save/restore fixed disk data	Fixed disk backup and file restoration; removable media for archiving
<b>IBM support and service</b>	Assure parts and service nationwide; offer 12-month limited warranty	Customer purchase backed by IBM support and service

# Model P70 386

8673-061 and -121

## At a glance

Machine numbers	8673-061	8673-121
<b>80386™ micro-processor</b>	20 MHz, 0-2 wait states	20 MHz, 0-2 wait states
<b>Optional 80387 Math Co-Processor</b>	20 MHz	20 MHz
<b>Memory (RAM)<sup>6</sup></b>		
Standard	4Mb (85ns)	4Mb (85ns)
Maximum on system board	8Mb	8Mb
System maximum	16Mb	16Mb
<b>Integrated display</b>	16-gray-level gas plasma; high contrast ratio; dark background	
<b>Integrated functions</b>	128Kb permanent memory (ROM), clock/calendar, Video Graphics Array (VGA) display port, serial port, parallel port, pointing device port, keyboard port, ESDI disk controller and diskette controller with external storage device port	
<b>System expansion</b>	Two available expansion slots (one 32-bit full-size; one 16-bit half-size)	
<b>Operating system</b>	DOS 3.3 or 4.0, IBM Operating System/2, AIX PS/2	
<b>Storage</b>		
Standard	One 1.44Mb 3.5-inch diskette drive, 60Mb (27ms) fixed disk	One 1.44Mb 3.5-inch diskette drive, 120Mb (23ms) fixed disk
Optional	IBM 1.2Mb 5.25" External Diskette Drive (supported via an adapter card), IBM 360Kb 5.25" External Diskette Drive (supported via the external storage device port and a cable connector), IBM 3363 Optical Disk Drive, IBM 6157 Streaming Tape Drive	
<b>Text/graphics support</b>	VGA supports 640 x 480 graphics mode plus all CGA, EGA and MCGA modes and provides up to 16 gray levels (gas plasma), 64 shades of gray (monochrome), or 256 colors from a palette of over 256,000 (color)	
<b>Display modes</b>		
Gas plasma integrated display	VGA, CGA, EGA and MCGA compatibility, including 640 x 480 pels x 16 gray levels	
Color/monochrome external displays	All VGA, CGA, EGA and MCGA modes, including: 320 x 200 pels x 256 colors—all points addressable 640 x 480 pels x 16 colors—all points addressable 9 x 16 character box—16 colors (text)	
<b>Keyboard</b>	101 keys, including 12 function keys, 3 lighted mode indicators; 14" coiled cable	
<b>Supported displays</b>	IBM Personal System/2 Color Displays 8512, 8513 and 8514 (VGA mode only); IBM Personal System/2 Monochrome Displays 8503, 8506, 8507 and 8508 (VGA mode only)	
<b>Supported printers</b>	IBM Proprinter family, IBM Quietwriter Printers, IBM Page Printer II, IBM Quickwriter Printer, IBM Wheelprinter family	
<b>Communications support</b>	IBM 300/1200/2400 Internal Modem/A, IBM 300/1200 Internal Modem/A, IBM Token-Ring Network Adapter/A and 16/4 Adapter/A, IBM PC Network Adapter II/A, IBM PC Network Adapter/A Frequency 2/Frequency 3, IBM PC Network Baseband Adapter/A, IBM 3270 Connection, IBM System 36/38 Workstation Emulation Adapter/A, IBM Dual Async Adapter/A, IBM Multi-Protocol Adapter/A, ROLMphone® 244PC	
<b>Power supply</b>	85-watt worldwide autosensing and autoswitching	
<b>Size</b>	Approx. 12"H x 18.3"W x 5"D (305mm x 465mm x 126mm); approx. 20 lbs. (9 kg)	

Feature	Function	Benefit
<b>Intel 80386 microprocessor</b>	Processes data at a clock speed of 20 MHz	Capability to handle the most intensive computing applications and process large amounts of data in small amounts of time
<b>128Kb of permanent memory</b>	Includes security features and Advanced BIOS functions	Data and program security; support for concurrent operations
<b>4Mb of memory (RAM),<sup>6</sup> expandable to 16Mb with memory expansion options</b>	Access rate of 85 nanoseconds; provides electronic workspace for lengthy programs and files, and/or multiple applications	Rapid data processing; support for advanced applications, including multi-tasking applications and network services
<b>Micro Channel architecture</b>	Executes multiple input/output operation at the same time	Improved productivity; foundation for future growth
<b>Portability</b>	Provides high levels of processing power and display performance in an easy-to-carry machine; has an optional carrying case	Capability to do advanced computing in any location where AC power is available
<b>16-gray-level gas plasma display</b>	Presents sharp, clear text and graphics; preserves shading and contrast of images	Easily readable text and graphics; convenient way to present information and graphics on the spot
<b>Integrated functions and streamlined design</b>	Pack more capabilities into fewer components using Surface Mount Technology (SMT) and Very Large-Scale Integration (VLSI)	Easy setup, operation and expansion; better price/performance; enhanced reliability
<b>Internal fixed disk drives</b>	Provide 60Mb or 120Mb of storage for up to 30,000 or 60,000 pages <sup>4</sup> of information; 27ms or 23ms average access (based on model); user-selectable software disk cache memory; 1:1 disk interleave factor	Faster, more convenient access to programs and data than with diskettes; support for advanced applications, large data bases, and network services; enhanced throughput via reduced storage and retrieval time on fixed disks
<b>1.44Mb 3.5-inch diskette drive</b>	Front-loading; stores up to 720 pages <sup>4</sup> of information on a double-sided diskette	Easy access; high-density storage
<b>3.5-inch diskettes</b>	Protect media in hard plastic enclosure	Smaller, more portable; reliable storage
<b>Built-in VGA capabilities</b>	Include up to 16 gray levels (plasma) or 64 shades of gray (monochrome) plus 256 colors from a palette of over 256,000 (color)	High-quality, high-detail graphics and text
<b>IBM PS/2 Enhanced Keyboard</b>	Has 101 keys, including 12 function keys and 3 lighted mode indicators	Simplified command entry; less chance of keystroke errors
<b>Network and host capabilities</b>	With the appropriate hardware and software, offer network services and connection to larger systems	Shared hardware and software; electronic mail capability; workgroup productivity benefits; access to mainframe functions, files and applications
<b>5.25-inch external diskette drive options</b>	Provide capability to interchange data and software with systems that use 5.25-inch diskettes	Compatibility with IBM PC 360Kb and 1.2Mb diskettes
<b>200Mb optical disk drive option</b>	Writes once, reads many times; holds up to 100,000 pages <sup>4</sup> of information on one cartridge	Large permanent storage; fixed disk backup; software archiving
<b>Tape drive options</b>	Save/restore fixed disk data	Fixed disk backup and file restoration; removable media for archiving
<b>IBM support and service</b>	Assure parts and service nationwide; offer 12-month limited warranty	Customer purchase backed by IBM support and service
